#### **Program Background**

The Drug, Gang, and Violent Crime Control Program (DC) allow state, county, local and tribal governments to support activities that combat drugs, gangs, and violent crime. The DC program provides funding to support the components of a statewide, system-wide enhanced drug, gang, and violent crime control program as stated in the *2016-2019 Arizona Drug, Gang, and Violent Crime Control Strategy*. The strategy includes the following two goals for the foundation and direction of the program:

- Curtail the flow of illicit drugs, drug proceeds, and instruments used to perpetuate violence across Arizona.
- Reduce violent crime and illicit drug use and deter repeat offenders in Arizona.

The strategy also outlines purpose areas as a guide to funding projects meant to address the drug, gang, and violent crime problem in the state. These purpose areas are as follows:

- Apprehension
- Prosecution
- Forensic Support Services
- Adjudication & Sentencing
- Corrections & Community Corrections
- Substance Abuse Treatment for Corrections-Involved Individuals
- Prevention and Education

In FY 2019, grant awards were made in the amount of \$8.66 million. These funds were awarded to projects addressing apprehension of drug offenders, prosecution of drug offenses, statewide forfeiture activities, forensic support of task forces, drug adjudication projects, and correctional substance abuse treatment. Table **DC 1** on page 10 shows a summary of the FY 2019 grant awards, the FY 2020 grant requests made by applicants, and the FY 2020 proposed projects.

#### **Funding**

The program is supported by several funding streams to successfully carry out the statewide strategy. The Edward Byrne Memorial Justice Assistance Grant (Byrne/JAG) funds awarded to Arizona by the U.S. Department of Justice, Bureau of Justice Assistance (DOJ/BJA) continue to support program activities along with state Drug and Gang Enforcement Fund (DEA) monies established under A.R.S. §41-2402, and matching funds when approved by the Commission. The Commission currently applies a match requirement of 25 percent for this grant program.

In FY 2019, \$8.66 million was allocated to grant projects. This amount was comprised of \$3.0 million in Byrne/JAG funds, \$3.5 million in DEA funds, and \$2.1 million in matching funds.

For FY 2020, staff is proposing a program size of \$9,100,970. Of this amount, \$3,150,705 is from the federal Byrne/JAG grant, \$3,699,757 is from the state DEA fund, and \$2,250,508 is from matching funds. The FY 2020 program size represents an increase of \$438,576, or 5 percent above the FY 2019 program size. Table *DC 2* summarizes the change in program size, by fund source, for FY 2019 approved and FY 2020 recommended.

<i>DC 2</i> Program Size FY 2019 – FY 2020

Total	\$ 8,662,394	\$ 9,100,970	\$ 438,576					

#### **Applications Received**

The solicitation for the Drug, Gang, and Violent Crime Control Program opened February 4, 2019, and closed March 1, 2019, at 3 p.m. Thirty-five applications were received requesting a total of \$13,919,487. Of the 35 applications, 14 were apprehension projects (Tier 1), 16 were prosecution projects (Tier 1), one was a statewide forfeiture project (Tier 1), two were forensic support projects (Tier 2), one was a drug adjudication project (Tier 2), and one was a corrections project (Tier 2). Table *DC 3* on page 11 displays the grant request for each eligible applicant broken out by priority area and expenditure type.

#### **Evaluation and Scoring**

Eligible applications were reviewed by an evaluation team and scored based on the criteria published in the solicitation with an emphasis on the goals of the statewide strategy. In addition, the solicitation emphasized that personnel expenditures would be prioritized in the grant recommendation allocation.

#### Recommendation

Staff recommends funding \$9,100,970 and allocated according to Table *DC 4* on page 12. Under the proposal, \$3,252,066 would be allocated to Tier 1 apprehension projects, \$3,329,468 for Tier 1 prosecution projects, \$637,429 for a Tier 1 statewide forfeiture project, \$445,540 for Tier 2 forensic support projects, \$1,336,467 for a Tier 2 drug adjudication project, and \$100,000 for a Tier 2 corrections project. The total grant project amount is comprised of \$6,850,462 in grant funds and \$2,250,508 in match funds. The funding would support eligible costs for grant projects, allocating \$5,810,029 in personal services, \$2,807,323 in employee-related expenditures, and \$383,618 in overtime expenditures, and \$100,000 in contract services.

All the projects recommended for funding in FY 2020 received funding in FY 2019. All projects received an increase in funding above the FY 2019 levels unless program costs submitted in the application were less than the FY 2019 funded amount.

The Santa Cruz County Attorney's Office did not submit an application for the FY 2020 grant program.

#### Allocation Guidelines

For applicants scored as eligible, all expenditure types were analyzed by staff and allocated based on the needs and best interests of the grant program in meeting the statewide strategy. The following guidelines were used by staff to build the recommendation:

- Prioritize previously funded projects that demonstrate effectiveness.
- Maintain as much balance funding as possible between tier one apprehension and prosecution projects.
- Fund at least one tier one apprehension project and prosecution project in each county.
- Provide some level of funding to tier two projects impacted by apprehension and prosecution activities.
- Prioritize funding core operations positions. Core operations positions are those considered most critical in meeting the purposes of the strategy (i.e., task force officers, attorneys, criminalists).
- Fund a position and the associated ERE at the current costs as reported by the agency in the application.
- As a priority, fund personal services, ERE, and overtime before considering any other budget category.
- Avoid funding multiple support-type positions for any project until core position needs are met.
- Apply salary and ERE caps.

#### Salary and ERE caps

Salary and ERE caps were calculated using costs for positions and employee-related expenditures submitted in the FY 2020 grant applications. The FY 2020 grant allocation includes the following personnel cost caps:

Task Force Positions									
	Commander	Sergeant	Detective	Deputy	Investigator	Officer	TF		
							Support		
Salary	\$77,310	\$70,122	\$54,596	\$51,834	\$47,207	\$57,085	\$43,261		
ERE	78.3%	78.3%	78.3%	78.3%	78.3%	78.3%	46.7%		

Prosecution Positions									
Attorney Attorney Pros. Pros. I-II III-IV Support Sworn									
Salary	\$73,301	\$98,295	\$38,137	\$69,210					
ERE	34%	34%	42.3%	83.7%					

#### Additional Considerations

In addition to the information provided in each application, staff considered other factors to determine allocations to individual projects. These factors included performance-based variables such as benchmarking factors and grant administration. Staff also considered data related to the illicit drug environment existing in each county to support the continued need

for grant resources, specifically public health data related to drug use, Arizona Youth Survey data, and drug arrest data reported by the Department of Public Safety.

The recommendation for the Attorney General's Office Medicaid Fraud project would require the grant period to run from October 1, 2019, to September 30, 2020. This project would provide matching funds for a federal grant and the grant period needs to run concurrent to the federal fiscal year. As such, this project will only be allocated state funds, and a match is not applied. All other projects would have a grant period of July 1, 2019, to June 30, 2020.

#### Compliance with State Statue and Federal Grant Requirements

The recommendation would comply with the provision in A.R.S. § 41-2402 that limits distribution of monies in the Drug and Gang Enforcement Account up to 50 percent for law enforcement agencies, up to 50 percent for prosecution programs/agencies, up to 30 percent for court programs/agencies, up to 30 percent for criminal justice records integration.

The recommendation would also meet the Byrne JAG variable pass-through requirement of 66.9%. BJA calculates the proportionate criminal justice spending by state and local government and requires the local government percentage be passed down to local agencies in the state. This recommendation would pass through 72.8% to local governments.

The recommendation also meets the BJA requirement for "less than \$10,000" jurisdictions. Some units of local government are ineligible for a direct JAG award from BJA because of the small size of the grant. Funding from these small jurisdictions is added up and allocated in the state JAG award. The amount for this grant year is \$216,197. The state can grant out these amounts to the small jurisdictions or award the funding to a state police department. The recommendation meets this requirement through the award to the DPS forensic support project.
